Overview

Dr. Gillani was born and bred in Multan, he graduated from Nishtar Medical University. Afterwards, for higher education and training he moved to England and started training in Trauma & Orthopaedic Surgery. He did his training in all the sub-specialties of orthopaedic surgery including trauma surgery, paediatric surgery, hand surgery, shoulder & elbow surgery, arthroscopic surgery, spine surgery, foot & ankle surgery and hip & knee replacement surgery. He has trained in major hospitals around London and Liverpool.

Dr. Gillani was awarded merit scholarship during his graduation at Nishtar Medical University. He has also been awarded many prizes for his research work during his training in England.

Dr. Gillani has undertaken several audit and quality improvement projects to improve the quality of patient care. He has special interest in research and has done several international presentations for his work along with multiple publications in international journals.

After attaining Certificate of Completion of Training (CCT) his name is on the specialist register of General Medical Council (GMC) UK. After CCT, he has also done two fellowships in hip and knee replacement surgery, knee soft tissue reconstruction and arthroscopic surgery.

Dr. Gillani is very keen to provide best trauma and orthopaedic services to the people of his hometown and to improve the quality of patient care through education and awareness.
